**PETITION TO THE HOUSE OF COMMONS**

Whereas contaminated soil is being dumped into Shawnigan Lake watershed,

And whereas this action will cause serious harm to fish populations in the lake contravening Section 35 of the Fisheries Act**,**

And whereas the contaminated soil in the watershed poses a high risk to drinking water health,

Therefore, we, the undersigned, Residents of British Columbia call upon the Government of Canada to protect Shawnigan Lake watershed from contaminated soil under the Fisheries Act section 35(1) and work with provincial partners to stop the dumping of contaminated soil in this watershed.
