

# Petition to keep Canadians safe without sacrificing our freedoms

**We, the undersigned residents of Canada, draw the attention of the House of Commons to the following:**

**THAT** we all agree that terrorism is a real threat and must be confronted;

**THAT** instead of making Canadians safer, Conservatives are playing politics by proposing a law—C-51—that is dangerous, vague, and likely ineffective;

**THAT** Bill C-51 would threaten our rights and freedoms by giving CSIS sweeping new surveillance powers without proper oversight to prevent abuse; and

**THAT** New Democrats have taken a principled stand—by opposing this legislation and insisting that we cannot protect our freedoms by sacrificing them.

**THEREFORE, we call on the House of Commons to stop this attack on our civil liberties by joining with the NDP caucus to vote down Bill C-51.**
